

ENVIRONMENTAL MANAGEMENT POLICY

1 PURPOSE AND SCOPE

Northern Transportables is an environmentally responsible company committed to conducting our business in a manner which strives to achieve the highest standard of environmental management.

Northern Transportables will achieve this commitment through applying our core values to promote and maintain a culture of environmental sustainability through continually reviewing and improving our environmental performance across the business.

We will achieve our environmental goals by actively focusing on:

- Assessing the potential impacts of our operations and activities on the environment to limit disturbance;
- Operate in a safe and environmentally responsible manner;
- Liaising with employees and contractors to achieve environmentally responsible operations through consultation and re-structuring processes; and
- Maintaining and continually improving organisational environmental standards, systems and controls across all activities of the company.

The Environmental Management Policy has been aligned with Australian and New Zealand Standard AS/NZS ISO 14001:2016 adopting ISO 14001:2015.

3 RESPONSIBILITIES

Senior Management Team is responsible for implementing this policy.

Managers and supervisors are responsible, within their scope of authority, for ensuring all employees, contractors and visitors understand the policy.

Employees are responsible for complying with this policy.

4 METHOD

Northern Transportables will ensure effective implementation of this policy through:

- Ensuring that environmental goals and standards are understood and adopted at all levels across the company;
- Informing and educating employees and contractors where appropriate of their environmental responsibilities;
- Reporting environmental incidents, and where appropriate implementing changes to prevent environmental impacts;
- Measuring our performance through regular monitoring, environmental audits and reporting; and
- Ensuring compliance with relevant laws, regulations and where appropriate industry codes.
